Compliance Contacts/Date/Notes:

Nicolas Hiebert – Utah Department of Environmental Quality - (208) 799-4370

On May 22, 2017, I spoke to Mr. Hiebert by telephone to follow up on my email dated May 10, 2017, inquiring about the status of this facility. Mr. Hiebert explained that he had consulted with Sherise Jurries of Utah Public Health and concurred with her assessment regarding the status of the facility. Mr. Hiebert was copied on Ms. Jurries' email reply to me and he considered that evidence of his concurrence, thus negating the need for him to reply back to me directly. He reiterated that the facility is in compliance with its permits and there are no known releases at this time.
